Greetings,

The camp season is fast approaching and it's time to attend to a few details regarding your son's upcoming experience at William Lawrence Camp. Several informational documents and our enrollment form are provided online on our website at www.wlcamp.org under Parents. All additional camper forms that need to be completed for camp (by May 1st) are now accessible online the campdoc.com application.

Please be sure to read the Parents' Guide. This has a wealth of information that you will find helpful in planning for camp. It contains detailed information about opening day, what your son should bring to camp with him, how we assign cabins and more.

The following items can be found in campdoc.com. This is our electronic form system; once your \$500 deposit has been made, you will receive an invitation through e-mail to access this application.

- ** Parent Confidential
- ** Camper Health Insurance
- ** Camper Health History
- ** Camper Confidential- Letter to My Cabin Leader
- ** Parent Checklist
- **Huggins Hospital Permission Form
- **Epi-Pen & Inhaler (if needed)

With respect to the clothing list (found on the 'what to bring' checklist), we encourage you to modify the list to accurately reflect what your son is bringing to camp and then tape this on the inside of his trunk. Please be sure that your son brings a sleeping bag and that all of his gear has his name on it. Many of these items can be purchased at your local department store or through Amerasport. Not all are necessary for your son's experience. To see our available camp items, you can visit www.amerasport.com or click on the Store Catalogue link on our website and type in William Lawrence Camp in the request box. For website purchases, be sure to order early to ensure that you will receive items before the start of camp.

The American Camp Association requires that every camper shall furnish a health history and physician's statement of health status written within one year of camp entrance. The physician's statement shall include a certification that a physical examination has been completed within one year prior to camp entrance.

Be sure to review the 'Behavior & Responsibilities of the Camper' document with your son(s), which outlines basic behavioral expectations. To ensure a safe, fun and rewarding camp experience for everyone, we request that you share this and other relevant information from the Parents' Guide with your son. Please review and sign the Parent Checklist & Statement of Understanding as part of your work on the forms. Please also have your son sign this form. By doing so, he will be acknowledging his commitment to helping camp be a wonderful place for all participants.

Please give us a call if you have any questions. We look forward to seeing you this summer.

Sincerely,

Nat Crane
